

As a corporate parent, Fife College wishes to encourage more applications from future care experienced students. Fife College is committed to accepting students from a diverse range of backgrounds.

What is a Corporate Parent?

As a corporate parent, Fife College is an organisation which has unique responsibilities to care experienced people. Our role as a corporate parent is to provide the best possible love, support, education and care for all our care experienced students.

Why it matters?

Many care experienced students feel that they do not have the same opportunities as their peers due to the judgement and stigma associated with being care experienced.

Corporate parenting is important because it provides a network of safety to care experienced students which allows them to concentrate on their learning, achieving their potential and reaching their goals.

Responsibilities

- Be alert to the circumstances which may affect the wellbeing of the care experienced students.
- Assess what services and support are required by listening to the care experienced students.
- Promote the interest and rights of care experienced students.
- Provide opportunities tailored to care experienced students enabling and ensuring that they thrive on their journey.
- Access to opportunities and resources as and when required.
- Improve the culture within the college to provide all care experienced students with a lifetime of equality, respect and love.
