FOUNDATION APPRENTICESHIP IN INFORMATION TECHNOLOGY: SOFTWARE DEVELOPMENT

SCQF Level 6

CAREER PATHWAYS

- Software Developer/Programmer
- Computer Games Developer
- Web Developer
- Mobile Applications Developer
- Digital Design and Development
- Interactive Media Developer

COURSE DESCRIPTION

This Foundation Apprenticeship (FA) covers a wide range of computer planning and programming skills, essential in today's IT industry. You will learn how to establish customer and system requirements and develop the skills and knowledge required to write computer software that enables users to perform different tasks on a variety of computer systems and devices. These could include games, business systems, mobile apps, and websites.

The course covers contemporary industry programming practises and technologies and you will build prototype systems for a range of technology solutions using event driven, procedural, or object orientated techniques.

COURSE CONTENT

For your National Progression Award, your topics will be:

- Computing applications: development
- Computing: authoring a website
- Software design and development

During both years your course will include hands-on, practical tasks as part of your work placement and in college laboratories. Topics will include:

- Personal effectiveness
- Health and safety in IT and telecom
- Investigating and defining customer requirements for IT and telecoms systems
- Data modelling

SKILLS DEVELOPED

You will develop a wide range of skills and knowledge in the area of software design, development, and programming. Approaches to software design, to ensure the correct solution meets the client brief, will also be included.

ENTRY REQUIREMENTS

- Achieved National 5 qualifications, including a National 5 in Computing Science
- You must be capable of working at SCQF Level 6 (Higher)
- An excellent attendance record in school

TARGET YEAR GROUP

S4 or S5

PROGRESSION PATHWAYS

FAs are accepted by colleges and universities as part of their entry requirements. For full details, check out apprenticeships.scot.

Fife College will accept achievement of the FA in Information Technology: Software Development as equivalent to two Highers which will support you to secure entry to the HNC: Computing at SCQF Level 7, or HND: Computing: Software Development, HND: Web Development (incorporating Mobile Applications Development), HND: Digital Design and Development (Games), or HND: Computer Games Development at SCQF Level 8.
