

Our Student Funding team's aim is to support every individual who seeks to further their education.

You can apply for EMA or bursary funding, as well as help with travel expenses, childcare and possible support with rent, or mortgage interest payments.

If you are studying a Higher Education course (i.e. HNC, HND or Degree), then you should apply to the Student Awards Agency Scotland (SAAS) for funding.

You can now apply to SAAS for your award by visiting the SAAS website. You can also apply at the same time for any bursaries or loans for living costs, where eligible. If you are coming to college to study a Higher Education course and are needing help with rent or mortgage interest costs and/or childcare, then please contact Student Funding to request a form.

Needing help completing your form or want to speak to someone from the Student Funding team?
