BOARD OF GOVERNORS OF FIFE COLLEGE

Health and Safety and Human Resources Committee

Working Relationships: Trade Unions and Management

Brief: Trade Union Representatives have been invited to the meeting to talk generally about how working relationships are developing between the trade unions and management. It is not to discuss any specific current issues or concerns. The Committee previously agreed to pilot this idea this year and run annually in future years if it is considered to be useful. Views should be sought from the perspectives of trade union representatives and of management.

Potential Questions:

- How do you feel working relationships are developing?
- Are those involved open and willing to discuss issues?
- Are Consultative meetings regular, and how productive are these?
- Committee understands that Negotiating meetings are now less regular due to national bargaining. Do these work well?
- Is there more that you feel you could do to enhance dialogue between trade unions and management?
- Anything anyone wishes to add?
