

Fife College

# Higher Education and Degree Pathways Guide 2026/27

A guide to studying for  
your HNC, HND  
and University Degree  
with Fife College

Applications open  
in January 2026

# Hello.

**Choosing the next stage of your education is a big decision, so I'm delighted that you are considering coming to join us at Fife College.**

The higher education landscape has changed hugely over the last few years, with more and more students now choosing to come to college to study for their higher education qualifications, including pathways towards a university degree. We're delighted to be able to offer a full suite of options to help you find the best route to meet your needs.

Colleges now deliver around a quarter of all higher education courses in Scotland, with many students now choosing to enrol on HNC or HND programmes. At Fife College, we offer around 100 higher education programmes, across a wide range of subject areas. The benefits of studying locally are compelling – flexibility, affordability, great facilities and links with local industry to name just a few.

We also offer you a stepping stone to a degree qualification. Through our partnerships with universities across the country, we offer over 600 defined routes mapping HNC/HND qualifications into degree courses, which means you can study locally, gain a qualification for each year of study, and then choose to progress into second year of a degree course at university (with an HNC qualification) or third year (with an HND qualification). In some subjects there is even the option to complete a full university-awarded degree without leaving your Fife College campus.

And don't just take our word for it that Fife College is a great place to study. Our most recent Student Satisfaction Survey found that 95% of our students would recommend us to others. And we're immensely proud to be able to say that 92% of our successful full-time students progress either to employment or on to further study after completing their qualifications with us. We hope you will find your time with us equally as fulfilling.

We look forward to welcoming you in 2026.

**Iain Hawker**  
Assistant Principal,  
Enterprise and Partnerships

# Choose the best pathway for you

**Whether you are leaving school, returning to education as a mature student, or looking to gain additional qualifications to boost your career prospects, Fife College is here to help.**

We have a wide range of higher education qualifications on offer at HNC and HND level. Plus we have over 600 different progression pathways with universities all across the country where you can choose to continue your studies to degree level.

Coming to study an HNC or HND with us has a number of benefits:

## → Flexible

One of the main benefits of a college education is its flexibility. We have a wide variety of learning options which allow you to combine your studies with work or family life, including part-time study; online and distance learning; and even some courses that offer evening or weekend options. And the best thing is, you can take your studies one year at a time, gaining a recognised qualification for each year of study you complete, before deciding what option you choose next.

## → Local

Traditionally, higher education (HE) qualifications meant having to go away to university, with all the cost and upheaval this might bring. However, we can offer you an alternative path. For those who don't want to relocate to university due to financial or family commitments, this makes your local college a great alternative option.

## → Affordable

With the ongoing cost of living crisis, studying at your local college could be a great way of cutting down on ever-increasing travel and accommodation expenses that might make studying elsewhere too expensive. There are also opportunities to apply for funding to help with course fees and other living costs, as well as a generous range of scholarship options available via our Adam Smith scholarship scheme.

## Degrees: An alternative pathway

Many people still believe that studying towards a degree means having to move away to university and committing the next three or four years to studying in a different city, with all the financial and family implications that entails.

However, you can choose the same path as an increasing number of students, and start your degree studies right here in Fife. You can study for an HNC (the equivalent of a first year of a university degree); an HND (the equivalent of second year at university); then choose to complete a full degree in as little as one further year, either via one of our partnership agreements with universities across the country, or directly through one of the ten degree courses fully available on a Fife College campus.

We're proud to offer over 600 defined routes to degree courses, allowing local students to start their degree closer to home - another major benefit of studying your higher education qualifications with Fife College.

## Fife College – the perfect choice for you

With great facilities, smaller class sizes, greater affordability and flexibility, more and more students are discovering why college is the perfect place to start their journey towards a higher education and degree qualification.

We hope what we can offer you in this guide will convince you that the perfect home for the next step in your education is Fife College.

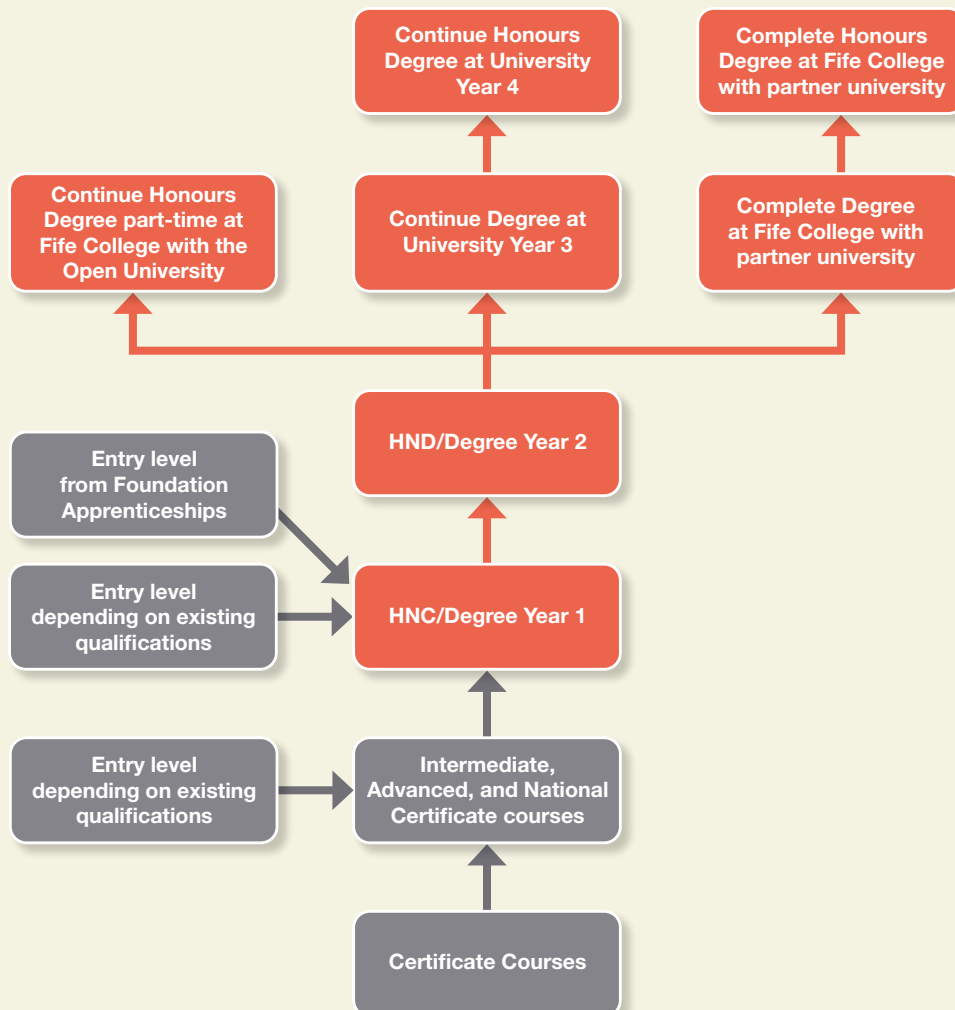

# 10 reasons to choose Fife College

- 1 No need to commit to four years of study at university – at college, you can take each year at a time.
- 2 And by doing so, you could gain a recognised qualification for every year of study.
- 3 Treat college as a ‘stepping stone’ – study for an HNC, then HND, then choose whether to progress to later years of a degree course at university or college.
- 4 Studying closer to home will mean lower living, travel and study costs than going away to university.
- 5 We have flexible learning options – full-time, part-time, online and even some non-standard hours choices – to fit in with your home, family or work life.
- 6 Our close links with local industry mean that you could gain real-life work experience while you study.
- 7 You’ll enjoy smaller class sizes than you would at university, so the whole teaching/learning experience is more supportive and personal.
- 8 For those still at school, you could start your higher education journey and even complete the equivalent of the first year of a degree course before leaving school!
- 9 For adults thinking of returning to education, did you know that 18% of our students are over the age of 40 – we’ve got courses for everyone!
- 10 We have some fantastic facilities, and a superb student support team who are on hand to help you with any questions you have around funding, applications or employability.

# Ways to study with us

We offer a number of different options to allow you to study for your higher education qualifications and onwards towards a degree, including:

- 1**  
**Starting at school**
- 2**  
**Studying your HNC/HND with us**
- 3**  
**Progressing from college to university**
- 4**  
**Studying for your full university degree at Fife College**

1

# Starting your qualifications at school

**Did you know you can study a college course as part of your timetable while you are still at school?**

All of our courses are designed to help you develop skills needed for both higher education and employment, and allow you to be an independent, self-motivated and creative critical thinker.

## School College Partnership

You don't have to wait until you finish school to start thinking about what you want to do afterwards. You may be able to start your pathway to a degree at school through Higher National Certificate (HNC) courses which are sometimes offered through our School College Partnership and are the equivalent of year 1 of a university degree.

In many cases, it means you can study on campus where you'll experience college life and learn new skills in our state-of-the-art facilities.

All our courses are chosen to allow you to move on to a degree course either at Fife College or with one of our university partners so you get the skills you really need for your future career.

**To find out which courses are available at your school visit [fife.ac.uk/schools](https://fife.ac.uk/schools)**

### Did you know?

In place of Higher qualifications, you could progress on to an HNC qualification with Fife College, from a Foundation Apprenticeship in the same subject area.

Find out more about Foundation Apprenticeships at [fife.ac.uk/foundation](https://fife.ac.uk/foundation)

# Studying your HNC/HND with us

We offer a wide range of HNCs and HNDs across many subject areas, including:

- Accounting
- Administration
- Art and Design
- Built Environment
- Business and Management
- Childhood Practice
- Creative Media
- Computing
- Culinary Arts
- Engineering
- Games, Technologies and Animation
- Healthcare, Wellbeing and Counselling
- Jewellery
- Legal Services
- Performing Arts
- Police Studies
- Science
- Social Sciences
- Sport and Fitness
- Travel and Tourism

**The full list of courses available, as well as the progression pathways from each of these courses, are detailed later in this guide, starting from page 12.**

## What if I don't have the entry qualifications required for an HNC or HND course?

We do have another option for you.

If you are an adult with few or no formal qualifications, and who has been out of full-time education for at least three years, Fife College offers courses which are specifically designed to help you back into education.

Through our partnership with the Scottish Wider Access Programme (SWAP), these courses allow you – in a single year – to gain the qualifications required to progress to an HNC, HND or year 1 of a degree at university.

**For more information about SWAP courses and to check your eligibility, please visit [swap-east.ed.ac.uk](http://swap-east.ed.ac.uk)**

# Progressing from college to university

**Fife College offers over 600 routes to degree programmes in partnership with a wide range of universities across Scotland and the UK.**

You will usually see these referred to as an articulation route. This is a pathway between a full-time higher national course, such as an HNC or HND, and a degree course, which has been formally agreed between the College and a university.

These routes are reviewed annually by each university and the College to make sure that the content of your HN course aligns to the content of the first year (or first two years) of your chosen degree to ensure a smooth transition to degree study.

If an articulation route is in place, it means that you could get direct entry onto a degree course - with an HNC you could get direct entry to year 2 at university, and with an HND you could move straight to year 3.

## **Which universities and colleges work with us?**

Fife College has articulation agreements in place with the following institutions which allow you to go on to degree level study:

- Abertay University
- Edinburgh College
- Edinburgh Napier University
- Forth Valley College
- Glasgow Caledonian University
- Heriot-Watt University
- Queen Margaret University
- Robert Gordon University
- The Open University
- University of Aberdeen
- University of Dundee
- University of St Andrews
- University of Stirling
- University of Sunderland
- University of the Highlands and Islands
- University of the West of Scotland

Whilst you are studying on your HN course at Fife College you may have the opportunity to meet staff from several of our partner universities and colleges.

Staff from these partner institutions will offer you the chance to participate in workshops that will let you gain skills to help you with degree level study. These sessions will either be built into your programme of study or offered as additional workshops; they will help to make your transition to university smoother by ensuring that you have the necessary skills to join a degree course in year 2 or 3.

**If you have any questions or want to find out more, please email [degrees@fife.ac.uk](mailto:degrees@fife.ac.uk)**

# Studying for your full university degree at Fife College

**Once you have successfully achieved your HND, in some subjects we offer the option to complete your full degree with us here at Fife College.**

This is called a Franchise or Validated Degree, and they allow you to study for your full university-awarded degree at a Fife College campus. This means you can keep all your costs down, but also benefit from using partner university facilities like libraries, open days and even some lectures, and you'll get a fully accredited Ordinary or Honours degree awarded by the university at the end of your studies.

The following franchise degree opportunities are currently available at Fife College:

In partnership with Abertay University:

- BA: Accounting with Finance
- BA (Hons): Accounting with Finance
- BA: Business Management
- BA (Hons): Business Management
- BA: Inclusion and Support in Society
- BA (Hons): Inclusion and Support in Society

We also offer degrees which are validated by Queen Margaret University:

- BA: Childhood Studies
- BA (Hons): Childhood Studies
- BA: Childhood Practice (*part-time study degree for SSSC-registered practitioners with at least two years' experience of working within an Early Learning and Childcare setting*)

Plus if you have successfully completed HND: Social Sciences at Fife College you also have the option to study your third year on campus for the following Open University degree:

- BA (Hons): Social Sciences\*

\* This degree follows the English model and allows an Honours degree to be completed in one year following successful completion of your HND.

# Qualifications explained

**All you need to know about qualifications and how they work together.**

Like all Scottish colleges and universities, we use the Scottish Credit and Qualifications Framework (SCQF) levels to describe our courses.

It shows how you can build up credits to gain the qualification you want; transfer credits onto other courses; and compare levels across different courses and qualifications.

Remember - there's no one set or right way to progress through school, college, university and into the job you want. And one of the benefits of college is how flexible your route can be, with so many options available to suit your own circumstances. You can even take time out of your studies and pick them up again at a later stage.

## Higher Education (HE) Qualifications Explained

### Higher National Certificates (HNC)

*SCQF Level 7 – the equivalent to year 1 at university*

HNCs are normally completed in one year full-time or in two years with part-time study. Upon successful completion of an HNC, you have options which may include progressing to an HND at Fife College, or a degree with one of our partner universities (often entering the degree course in year 2), or employment.

### Higher National Diplomas (HND)

*SCQF Level 8 – the equivalent to year 2 at university*

An HND is two years of study if done as a full-time course. If you're progressing from HNC, you will go straight into the second and final year of the HND. They give you the option of progressing through to a degree (often entering year 3 of the degree course) or employment.

### Degrees

*SCQF Levels 9 (Degree) and 10 (Honours Degree)*

We have over 600 routes to a wide range of degree courses at other institutions, with the benefit of studying the first one or two years locally. And working alongside our partner universities, we also offer a great range of degrees right on your doorstep at Fife College campuses, so that you can study your whole degree at Fife College. These degrees are awarded by our university partners so are the same as those issued to their own students.

## The Scottish Credit and Qualifications Framework (SCQF)

SCQF Levels	SQA Qualifications			Qualifications of Higher Education Institutions	Apprenticeships and SVQs
12			Professional Development Award	Doctoral Degree	Professional Apprenticeship
11			Professional Development Award	Masters Degree, Integrated Masters Degree, Post Graduate Diploma, Post Graduate Certificate	Graduate Apprenticeship, Professional Apprenticeship, SVQ
10			Professional Development Award	Honours Degree, Graduate Diploma, Graduate Certificate	Graduate Apprenticeship, Professional Apprenticeship, SVQ
9			Professional Development Award	Bachelors/Ordinary Degree, Graduate Diploma, Graduate Certificate	Graduate Apprenticeship, Technical Apprenticeship, SVQ
8		Higher National Diploma, Advanced Diploma	Professional Development Award	Diploma Of Higher Education	Higher Apprenticeship, Technical Apprenticeship, SVQ
7	Advanced Higher, Awards, Scottish Baccalaureate	Higher National Certificate, Advanced Certificate	Professional Development Award	Certificate Of Higher Education	Modern Apprenticeship, SVQ
6	Higher, Awards, Skills for Work Higher	National Certificate	Professional Development Award National Progression Award		Modern Apprenticeship, Foundation Apprenticeship, SVQ
5	National 5, Awards, Skills for Work National 5	National Certificate	National Progression Award		Modern Apprenticeship, SVQ
4	National 4, Awards, Skills for Work National 4	National Certificate	National Progression Award		SVQ
3	National 3, Awards, Skills for Work National 3	National Certificate	National Progression Award		
2	National 2, Awards	National Certificate	National Progression Award		
1	National 1, Awards

**DISCLAIMER:** This information is correct at time of going to print (September 2025). However, the College may need to make some changes to the courses offered, so please check our website [fife.ac.uk](http://fife.ac.uk) for the most up-to-date course information.

The degree routes included in this guide are valid at time of printing, but changes may occur at both the College and the universities which may affect them. Please check at the start of your course.

# Accounting, Legal and Police Studies

The skills you learn with Fife College will prepare you for all kinds of careers within Accounting, Legal Services and Policing.

Talented individuals, who are skilled and knowledgeable in these sectors, are in high demand throughout the UK and globally. With our full-time courses, you will gain a broad range of practical knowledge and understanding that is highly sought-after by employers.

## What kind of career could I have?

- Accountant
- Courts Officer
- Paralegal
- Police Officer
- Solicitor
- And many more...

BA (Hons): Accounting with Finance	D

*When I first started this course, it was difficult. I didn't think I was going to be able to do it. But the amount of support I got at Fife College really helped me. And now I'm off to Abertay University to do Psychology with Forensic Investigations. Right now, I'm happier than I've ever been. I'm able to do it!"*

**Faith Koszovan**  
HNC: Police Studies

# Art, Design and Built Environment

The **Built Environment** refers to the places where we live, play and work, that are built by humans. There are many career paths emerging from courses in the Built Environment: You can move into many different roles, including Building Surveyor, ensuring integrity and compliance of construction projects; Architectural Technician, providing technical support in the creation of building designs; or Furniture Designer and 3D Designer, where innovative design combines with practical application.

So, if your ambition is to build a career in Built Environment, Fife College can offer you a solid foundation in whichever area interests you.

## What kind of career could I have?

- 3D Designer
- Architectural Technician/Technologist
- Construction Manager
- Interior Designer
- Quantity Surveyor
- Site Manager
- Furniture Designer
- And many more...

Find out more about all of these courses at [fife.ac.uk/built](http://fife.ac.uk/built)

Our **Art, Design and Jewellery** courses are designed to give you real-world experience whilst you study the terminologies, techniques, skills and more that you will need for a flourishing career in these industries. With our experienced lecturing staff, you will be inspired to stay creative and apply this to your course work, allowing you to progress on to further study, your chosen career, or even start your own business fully equipped with the skills and knowledge you'll need to be successful.

## What kind of career could I have?

- Animator
- Artist
- Entrepreneur
- Interior Designer
- Jewellery Designer
- Product Designer
- And many more...

*My lecturers have supported me in ways that went far beyond my expectations...and even beyond what I believed possible for myself! I've become more confident, asking questions when I need help, and expressing my views. I've discovered parts of my personality I never even knew existed! Thanks to the support of my lecturers, as well as the Inclusion and Wellbeing teams, I'm now ready to begin the HND in Business."*

**Andrew-Jackson Dale**  
HNC: Business (with Management)

# Childhood Practice

With huge demand in Scotland for qualified early learning and childcare workers, there has never been a better time to turn your dream of working with children into a reality. Whether you want to work as an Early Years Practitioner, Early Years Support Worker, or Pupil Support Assistant, you will get to use the knowledge and skills learned on your college course to change the world, one little person at a time!

Our childhood studies courses will provide you with the transferable skills and practical work experience you need to advance in a career in early learning and childcare. And for those already working within this sector, our flexible work-based and part-time study options mean you can fit studying around work and family commitments.

## What kind of career could I have?

- Early Years Officer (EYO)
- Early Years Manager
- Early Years Practitioner
- Early Years Support Worker
- Educational (Pupil) Support Assistant
- Lead Early Years Practitioner
- And many more...

Childhood Studies courses also support progression onto further study, leading to careers such as Primary Teaching or Social Work.

*I've been studying through Fife College since I left school 13 years ago. I did my NC and my HNC and became a Qualified Practitioner. Then I left Fife College and did a stint working as a Practitioner. I recently returned to Fife College to do my HND and now I'm doing my BA: Childhood Practice degree.*

*Currently I work in a fully outdoor nursery, which I never thought would happen. But I've thoroughly enjoyed working there while studying."*

**Kirsten Paterson**  
BA: Childhood Practice

# Computing and Digital Technologies

There's never been a better time to consider a career in Computing and Digital Technologies, with one in ten of all Scottish job vacancies in the digital sector. Our courses will equip you with the specialist computer science and digital media skills you need to pursue a career in areas such as software development, cyber security, 3D animation, computer games design and digital design.

Strong digital and cyber skills can lead to many exciting job opportunities, not only in IT businesses but across all sectors including banking and finance, creative industries, education, engineering, tourism, healthcare and the public sector.

We've recently invested hugely in our digital infrastructure, creating the highest quality learning environment with access to the latest software and intrusion detection systems, giving you the edge over other similarly-qualified applicants when you enter the job market.

## What kind of career could I have?

- 3D Animator
- Cyber Security Specialist
- Games Developer
- IT Technician
- Mobile App Developer
- Software Developer
- UX Designer
- Web Developer
- And many more...

**“** I'd highly recommend Fife College to anyone who's looking to change their career. I started at Fife College after my health prevented me from doing the job I was doing. I started at the lowest level and now I've completed my HND and I'm off to Napier University to do my Honours degree!”

**Derek Martin-Stead**  
HND: Computing (Software Development)

# Culinary Arts

Culinary arts is one of Scotland's most important sectors, leading to new and exciting career opportunities for those who have the drive, skills and the right qualifications to get into these industries.

At Fife College, we're proud to be able to deliver first-class teaching to our students in the very best learning environments. Our purpose-built training kitchens and customer-facing training restaurants provide a professional environment, giving you a fantastic way to consolidate your learning and test your skills.

## What kind of career could I have?

- Artisan Baker
- Bakery Operative
- Bar Manager
- Chef de Partie
- Food and Beverage Manager
- Food Product Developer
- Food Stylist
- Head Chef

# Engineering

A career in Engineering provides great job opportunities within many different industries. Engineers are highly sought after in emerging industries such as renewable energy, pharmaceuticals, digital infrastructure, food and fast-moving consumer goods (FMCG) production, as well as more traditional fields such as electrical or mechanical engineering, and fabrication and welding.

Whichever field you are interested in working in, Fife College provides the best engineering training to kick-start your career. Our HNC and HND engineering courses deliver first-class training from industry experts in facilities that mirror the work environment, giving you the wide-ranging skills and practical experience that you'll need to build your career in this fast-growing sector.

## What kind of career could I have?

- Advanced Manufacturing
- Computer Aided Design (CAD)
- Decommissioning
- Electrician
- Energy and Renewables
- Environmental Protection
- Green Energy
- Inspection and Non-destructive Testing
- Robotics and Automation
- Welder

## Did you know?

19% of the UK working population work in engineering

# Healthcare, Wellbeing and Counselling

## Healthcare

Working in Healthcare is a career like no other. You will be joining thousands of frontline heroes who make a real difference every day to the lives of the most vulnerable people in society. We will teach you the skills and knowledge to work as a healthcare support worker, or provide you with an entry route to degrees in nursing, midwifery, and allied health professions.

### What kind of career could I have?

- Adult Nurse
- Care Home Practitioner
- Children's Nurse
- And more...

## Wellbeing and Counselling

Our wide range of Wellbeing and Counselling courses will provide you with the transferable skills and practical work experience you need to get started in your career. Or if you're already working within the industry, our flexible work-based and part-time study options mean you can fit studying around work and family commitments. Whether you want to work as a counsellor or a youth worker, a housing officer or a social worker, you'll be equipped with the knowledge and skills to help people, changing their lives for the better.

### What kind of career could I have?

- Community Development Worker
- Housing Officer
- Residential Childcare Support Worker
- Social Worker
- Youth Worker
- And many more...

HND: Visual Communication	G	

*“When I turned 40, I decided that I wanted to do something with my life that I was passionate about, so I applied for HNC: Photography at Fife College. I then progressed to the HND, and after that I completed my BA Honours degree at Edinburgh College. I couldn't have gone on to that level of academic study if I hadn't done the two years at Fife College first.”*

**Jennifer McLuckie**  
HND: Photography

# Performing Arts

Are you someone who is fascinated by theatre and enjoys putting on a show? Perhaps you dream of seeing your name in lights, or scrolling in the credits, or being highlighted in a theatre show programme?

Then look no further! Our Performing Arts courses are for you!

Our highly-experienced practitioners and lecturers offer a wide variety of specialisms in acting and theatre performance.

At Fife College, you will benefit from many superb opportunities to get hands-on, real-life experience through work placements and external events, and you can even “earn while you learn” as part of our Studio 38 Youth Theatre team of workshop facilitators and support assistants.

## What kind of career could I have:

- Casting or Talent Agent
- Community Arts or Applied Theatre Practitioner
- Director or Assistant Director
- Drama Teacher
- Playwright
- Production Manager
- Roleplay and Live Event Performer
- Screenwriter
- Stage or Screen Actor
- Stage Manager
- Voice Actor
- Workshop Facilitator

Find out more about Performing Arts courses at [fife.ac.uk/perform](http://fife.ac.uk/perform)

## Performing Arts

Full-time

Part-time

HNC: Acting and Performance

K

HND: Acting and Performance

D

*The best thing about working at Fife College has to be the staff and the students: working in a creative and supportive team, and working with the students, who bring a lot of fun and laughter to the classes. They really challenge themselves and they work hard. Also, the facilities are another great part of Fife College. We really invest the time to make sure that the students get industry-level training.”*

**Kevin McLoughlin**  
Lecturer, Performing Arts

# Science

Explore the living world and help tackle global challenges like disease, biodiversity loss, and climate change. Our Science courses give you hands-on lab skills and specialist knowledge to prepare for university or a career in science.

You'll study topics such as genetics, microbiology, and environmental biology, gaining practical experience in modern laboratory techniques. Whether you want to work in research, conservation, or healthcare, biological sciences can open the door to lots of exciting career opportunities.

## What kind of career could I have?

- Animal Technician
- Climate Analyst
- Ecologist/Environmental Scientist
- Geneticist
- Laboratory Technician
- Virologist
- And many more!

Find out more about all of these courses at [fife.ac.uk/science](http://fife.ac.uk/science)

## Science

HNC: Applied Sciences (Biology)

Full-time

Part-time

D G

HND: Applied Biological Sciences

G

*I started at Fife College after S6 because I was*

*completely unsure what I wanted to do. I decided to do HNC: Applied Sciences. I thought it would let me explore different avenues.*

*The environment is very welcoming at Fife College. The classes are quite small which is really good. You get to meet different people who are doing different things...no one is doing the same thing after we leave. I'm going to Dundee University to do Child and Mental Health Nursing.*

*I'd recommend Fife College, especially if you're not sure what to do. It gives you a wide base and clarity about what to do. I'm excited for the next stage!"*

**Kayla Mason**  
**HNC: Applied Sciences (Biology)**

# Social Sciences

Life is one big system of chaos, driven by human behaviour and relationships. If you want to understand more about how societies establish resilient structures to maintain social order as well as promote policy, democracy and equality then choose one of our courses in social sciences.

You will gain a vast range of knowledge and understanding of society, culture and human interaction and learn to perceive the world in a different way.

Whichever path you take you will leave with a well-rounded transferable skillset, ready to specialise in your chosen area and find employment opportunities in private, public and voluntary sector organisations.

## What kind of career could I have?

- Community Educator
- Counsellor
- Human Resources Manager
- Primary School Teacher
- Probation Officer
- Psychologist
- Public Services Worker
- Social Worker
- And more...

Find out more about all of these courses at [fife.ac.uk/social](https://fife.ac.uk/social)

## Social Sciences

	Full-time	Part-time
HNC: Social Sciences	D K	
HND: Social Sciences	D K	
BA (Hons): Social Sciences		D

*After completing the HND in Social Sciences, I went on and did the final degree year with the Open University, following the pathway that's open from the College. And now I am back at Fife College working as a lecturer in Social Sciences with my old lecturers. I love every single minute of it. It was a natural fit for me!"*

**Sara Haldane**  
**HND: Social Sciences**

# Sport and Fitness

Transform your passion for sport, coaching and fitness into a rewarding career supporting and motivating others to develop and realise their potential.

Whether that means working with the next generation of sporting talent, contributing to local community initiatives, or supporting individuals to transform their lives, we have the course for you.

Our courses cover the fundamentals of the industry, as well as more advanced components designed to help fitness professionals take their career further.

## What kind of career could I have?

- Active Schools Coordinator
- Fitness Instructor
- Football Development Officer
- Leisure Attendant
- Lifestyle Coach
- Personal Trainer
- Sports Coach
- And many more...

Find out more about all of these courses at [fife.ac.uk/sport](http://fife.ac.uk/sport)

Sport and Fitness	Full-time	Part-time
HNC: Fitness, Health and Exercise	K	
HNC: Sports Coaching and Development (Football Coaching)	G	
HNC: Sports Coaching and Development (Multi Sport Coaching)	K	
HND: Fitness, Health and Exercise	K	
HND: Sports Coaching and Development	K	

*I started with Fife College on the HNC: Fitness,*

*Health and Exercise, went on to do the HND and then on to Napier University for Sport and Exercise Science.*

*During my time studying at Fife College, we had lots of experience working with different populations, and lots of experience and stories from the lecturing staff and other staff at the college.*

*I felt like I was well set up to go out into work and other opportunities.*

*Since completing my studies, I've come back to the College as the Fife College Students' Association Sport and Active Campus Coordinator."*

**Rebecca Reader**

**HND: Fitness, Health and Exercise**

# Travel and Tourism

Get started towards a fast-paced, dynamic career with worldwide opportunities whilst engaging with diverse clients by working in the industries of Travel and Tourism.

Immerse yourself in a wide range of cultures as well as embracing innovation to promote tourist destinations, lead events and create unique experiences for customers.

At Fife College, we are proud to be able to deliver first-class teaching to our students in the very best learning environment. Across each of our campuses, purpose-built training facilities are designed to provide an experience similar to industry. We also boast an industry-standard replica aircraft cabin and events spaces, which provide a fantastic way to consolidate your learning and develop your skills.

## What kind of career could I have?

- Airline Cabin Crew
- Holiday Representative
- Hotel Receptionist
- And many more...

Find out more about all of these courses at [fife.ac.uk/tourism](https://fife.ac.uk/tourism)

## Travel and Tourism

Full-time

Part-time

HNC: Travel and Tourism

K

*The course that I'm doing specialises in a lot of different*

*subjects, from sustainability to marketing, business studies, being tour representatives and IT. It's been a really varied, interesting course.*

*At the end of my course, I'm looking to take the skills and confidence that I've built here at Fife College into the travel and tourism industry. The experience I've gained at Fife College will help me going forward."*

**Caroline Francis**  
**HNC: Travel and Tourism**

# How to apply

Your step-by-step guide to applying for a course at Fife College.

1

**Choose your course:** take a look at what we have on offer and pick the one that'll help you get the qualifications and career you want.

2

**Check the entry requirements:** have a look at what's needed for the course you want to apply for and make sure you have what's required.

3

**Complete your application:** click the 'Apply Now' button on the course page and complete the online application form.

*Please note:  
Applications open  
in January 2026.*

4

**Keep an eye on your emails:** we'll send you any interview invite or offer by email (watch your junk mailbox too, just in case). If you receive an offer please accept it as soon as possible!

5

**Complete your funding forms:** all your funding needs to be in place before you start your course. Check here for more details: **[fife.ac.uk/funding](https://fife.ac.uk/funding)**

**If in doubt...ask!** There are lots of options so take your time to decide. If you need a bit of help or advice, feel free to give us a call for a chat on **0344 248 0115**. You can also make an appointment with our Guidance Team by emailing us at **[guidance@fife.ac.uk](mailto:guidance@fife.ac.uk)**

# Finance options

**Money and funding are big considerations for most students. So if you need a hand deciding which is the right option for you to fund your studies, our Student Funding team is happy to chat and answer all your questions.**

We advise that you apply for your funding as early as possible, and make sure everything is in place before the start of your course. Our website has all the information you need on all the different kinds of funding support available – from bursaries and student loans to scholarships, assistance funds, and allowances.

Depending on the level of course you study, you could be eligible for the following types of funding:

- Tuition fees paid (SAAS)
- Student Loan (SAAS)
- Supplementary grants
- Assistance with childcare
- Disability support
- Individual Training Account (ITA)
- Council tax exemption/discount
- Assistance with rent/mortgage
- Part-time fee grant
- Care Experienced bursary

**Visit [fife.ac.uk/funding](https://fife.ac.uk/funding) for further information about funding your higher education (HE) studies.**

**You can make an appointment to see one of our Guidance Team if you need assistance with completing your SAAS forms or have any questions regarding how to fund your studies. These bookable appointments can be made by either calling the College on 0344 248 0115 or emailing [guidance@fife.ac.uk](mailto:guidance@fife.ac.uk)**

**To apply for your tuition fees, living costs and Student Loans, visit [saas.gov.uk](https://saas.gov.uk)**

# Support services

**Our aim is to support every individual who seeks to further their education, and to provide the best experience at college as we possibly can for you.**

**With that in mind, you'll find we have a wide range of student services available to support you during your studies, including:**

## **Guidance**

If you need to talk to someone in private about any issues during your time at Fife College, our Guidance team are here to help.

We've got a supportive team who can be available on every campus and are always happy to chat, listen and help.

**See [fife.ac.uk/guidance](https://fife.ac.uk/guidance) for more details.**

## **Health and Wellbeing**

We are committed to the provision of high-quality support for students to safeguard physical, emotional and mental wellbeing.

We have Health and Wellbeing advisers who can be available at each of our campuses, so help is never far away.

## **Student Employability**

It's our aim to support all students into achieving a positive and sustained destination.

During the course of your studies, we provide dedicated employability-related class sessions.

In addition, you can simply drop-in to our Student Employability Hubs in Glenrothes, Dunfermline and Kirkcaldy campuses, or book an appointment to speak with a student adviser.

**Visit [fife.ac.uk/employability](https://fife.ac.uk/employability) for more details.**

## **Inclusion**

We don't ever want anything to get in your way of learning and participating at college, so we have an Inclusion team available at Student Learning Hubs on every campus where you can drop in for advice and support when needed.

**See [fife.ac.uk/inclusion](https://fife.ac.uk/inclusion) for more information.**

## **Attendance**

Our Attendance advisers can work with you, your lecturers and your course tutors to make sure you are making it to all your classes or studying on your own so you don't fall behind on your course.

## **Care Experienced**

If you are Care Experienced, our Student Experience Team are there to help and support you prior to coming to college and throughout your student journey.

**Head to [fife.ac.uk/careexperienced](https://fife.ac.uk/careexperienced) to read more.**

# Students' Association

**When you study at Fife College, you automatically become a member of one of the best students' associations in Scotland!**

**Fife College Students' Association (the FCSA) is here to support you in every aspect of your college experience. Whether you need help with something in class, are looking for a way to expand your skills, or want to do something fun, the FCSA is there for you.**

**Find out more at [www.fc-sa.net](http://www.fc-sa.net)**

# Our campuses

We are dedicated and committed to making your higher education learning experience with us as meaningful as possible, which is why we continue to invest in providing innovative and inspiring campuses where you can learn and upskill in your industry throughout your career.

Here's just a selection of the fantastic facilities we have on offer for our HE students:

## Dunfermline:

- Andrew Carnegie Business School
- Carnegie Conference and Events Centre
- Dedicated University Hub
- Engineering workshops
- Hair and beauty salons
- Photography studio
- Sports hall
- State-of-the-art training kitchens
- Student-run restaurant
- Theatre arts and drama studio
- Outdoor learning spaces

## Kirkcaldy:

- Games hall and gym
- Hair and beauty salons
- State-of-the-art training kitchens
- Student-run restaurant, The Academy
- Theatre arts and drama studio

## Glenrothes:

- Industry-standard engineering workshops
- Care suite for healthcare, social care and childhood studies
- Games development labs
- Media Production Hub
- Top-of-the-range computing, cyber and software development areas
- Ultra high-quality sound and screen studios

## Rosyth:

- Industry-standard engineering workshops
- Shell Energy Transition Skills Hub
- Nanogrid Facility

# TURN YOUR HNC OR HND INTO A DEGREE AT ABERTAY UNIVERSITY

Starting at college and finishing at university is a popular and successful path for many Fife students. Almost one-third of Abertay students come from college — and you can join them.

Our college agreement means you can start many Abertay degrees at Year 2 with a relevant HNC, or Year 3 with a relevant HND.

Our degree subject areas include:

- ✓ Accounting, Business Management and Marketing
  - ✓ Biomedical and Forensic Sciences
  - ✓ Computer Science
  - ✓ Computing
  - ✓ Criminology
  - ✓ Cybersecurity
  - ✓ Engineering
  - ✓ Food Science, Nutrition and Wellbeing
  - ✓ Mental Health Nursing
  - ✓ Psychology
  - ✓ Sport and Exercise
- ...and much more!

# Shape your future at Heriot-Watt University

Join the hundreds of college students graduating with us.

Transitioning from college to university is straightforward, and we're here to support you every step of the way to ensure a smooth start to your programme.

From childcare funding and bursaries to our Get Ready for Success course, we will help you kickstart your university journey. Check out the advanced entry listings in this guide to learn more.

*"High school wasn't really my thing, so I didn't quite get the grades I needed to get into university. However, I tried college and thoroughly enjoyed it for two years. This allowed me to transition into 3rd year at Heriot-Watt University where I received practical support through the widening access team and took on roles like being a student ambassador. I went on to graduate with a 1st class Business degree."*

**Ryan Farish**

Current Student,  
PhD Robotics Autonomous Systems

**1<sup>st</sup> in Scotland and 2<sup>nd</sup> in the UK**  
for undergraduate employability

Graduate Outcomes, 2024

# Join the #Boundary Breakers

At the University of Aberdeen there are no boundaries for your ideas and their impact. As a partner university with Fife College we will support you to take your next step from a HNC/HND to University.

With advanced year entry an option, you can graduate in the same 4 years as you would have coming straight from school.

We have a dedicated team here to support you and offer bridging and summer programmes to make your transition to degree study smooth.
